Dear Colleagues,

I have pleasure in sharing with you that during May '16, FSNL could achieve a record Recovery & Processing of 2,41,225 MT of scrap & 6,62,293 M.T. of Slag. This is the best "May" in both the areas of Recovery & Processing of Scrap & Slag since inception. I have confidence in FSNL collective that with combined efforts, we can surpass the targets in future also.

I am happy to share with all of you that for the first time in the history of FSNL, the annual accounts closing job of the company was completed by 30th April 2016 for the period 2015-16, the accounts were taken on record by the Board of Directors in the month of May'16. With the team spirit of FSNL collective, we could create many new records in all the fronts.

The situation in the area of cash crunch of FSNL still prevails; which is a matter of concern.

With best wishes,

Sd/-
