No.1(115)01/7641/16  
December 1, 2016

Dear Colleagues,

During November '16, FSNL could handle 7,20,104 M.T. of Slag, which is a record since inception of FSNL, surpassing the previous best achieved in December 2015. A quantity of 2,19,819 M.T. of Scrap was recovered & processed. However, we are behind the MOU target in scrap recovery & processing by 4,36,957 M.T. Let us put all our efforts to meet the target in all the categories, in the coming months.

I take this opportunity to convey to you that Government of India, Ministry of steel through their various communication have desired that we have to make all out efforts for promotion of cashless transactions for all purposes with the objective of improving overall growth of the country. In this connection, we all can make endeavour to usher in cashless transaction environment as far as possible, so that dependence on cash transactions can be minimised.

The Joint Forum Committee meeting was conducted in a conducive manner at Corporate Office on 22/11/2016. While the representatives of unions aired their view point, keeping the long term sustenance of the company to take care of the impact of the wage revision, management has put forth their view point. I hope the representative unions would conclude the pending wage revision at the earliest.

The situation in the area of cash crunch of FSNL still prevails, which is a matter of concern.

With best wishes,

Sd/-  
(Rajib Bhattacharya)
